ST. LOUIS POST-DISPATCH

The Only Evening Paper in St. Louis With the Associated Press News Service

ST. LOUIS, MONDAY EVENING, AUGUST 13, 1917—24 PAGES.

FINAL

SPORTING EDITION

PRICE (St. Louis and Suburbs, One Cent. Elsewhere, Two Cents.)

97 REJECTED MEN PASS AFTER ARMY MODIFIES RULES

More Liberal Requirements
on Weight and Sight Lets
in 48 in Tenth Ward, 40 in
Eleventh and 39 in the
Twenty-First on Reexam-
ination.

SUBPENA POWER FOR BOARDS IS PROPOSED

Contended That Power to
Compel Attendance of
Witnesses to Give Testi-
mony Under Oath Would
Greatly Expedite Tests.

Re-examination, with less rigid physical standards, of the 132 men who were rejected last week by the medical staff of the Tenth Ward Draft Board, and of the 96 similarly rejected in the Eleventh Ward, has resulted, it was announced this afternoon, in transferring 48 men in the Tenth Ward, and 40 in the Eleventh, to the accepted list. In the same way, nine men who were previously rejected in the Twenty-First Ward are now accepted.

Of 210 men examined last week in the Tenth, only 78 were accepted. Those rejected were instructed to report for re-examination, under the Government rule that all men rejected must be re-examined by another physician. In the meantime, instructions came from the Provost Marshal-General's office, making the requirements as to weight and the tests of eyesight less strict. The re-examining physician took advantage of these new rules to pass a number of those who had first been rejected on this ground.

84 Out of 210 Rejected.
Of the 210 men, after the Tenth Ward re-examination, the record now stands: Accepted, 126; rejected, 84.

In the Eleventh Ward, of 300 examined last week, 204 were first announced as accepted and 96 as rejected. The new record, following the re-examination, is: Accepted, 224; rejected, 56.

The names of nine who were transferred from the rejected to the accepted list in the Twenty-First Ward, are:

DINGWORTH, L. 4015 Pleasant.
WITTMANN, H. G. 4358 Por-
tore.
STERNFELS, U. R. 4022 Palm.
BERNARD, R. 3623 Lee.
ERTING, H. W. 2905 Kosuth.
GREVE, F. J. 4039A Labadie.
LANS, G. 3904 North Grand.
SAHAN, E. 4128 Glasgow.
SCHNELLE, F. W. 4451 Penrose.
The men thus transferred from the rejected to the accepted list have the privilege of claiming exemption on the same grounds as others previously accepted.

Wants to Subpena Witnesses.
Dr. Alexander N. de Menil, chairman of the Tenth Ward Board, appealed to the Adjutant-General's office today for a ruling as to the authority the board has to issue subpoenas and attachments for witnesses in exemption claims, and to compel them to testify under oath. Unless the boards have such powers, he said, their work in these cases will be a farce. He said the Tenth Ward Board would not pass on exemption claims until a ruling on this point should be obtained. This question will be taken up tonight at a meeting of the 28 lawyers appointed to represent the Government in exemption appeal cases before the district board.

The district appeal board has received from the Twenty-Third Ward board a list of 20 men whose claims for exemption were denied. These men will have the privilege of appeal to the district board. They are:

ALLEN, ALFRED, 4103 Morgan.
ANDERSON, E. C. 4149 West Belle.
BOOTEN, E. 4112 Papin.
DEANE, J. C. 4209 Maryland.
DEIBEL, L. L. 4350 Von Versen.
DEW, B. B. 4240A Delmar.
HARDT, E. 4387 Gibson.
HARRIS, A. 4102A Hertling place.
JONES, B. B. 4149 West Belle.
JONES, E. 4137A Fairfax.
LEWIS, E. 4135 Fairfax.
McMAHON, WM. 4138A West Belle.
MAYER, A. J. 4102 Westminster.
MENNIGER, E. 4209A Chouteau.
MILLER, H. C. 4109 Manchester.
ROBINSON, H. 4248 Finney.
SCHNEBELLEN, J. J. 4164 Westminster.
WINCHELL, J. 4222A Gratiot.
WITTMOND, G. P. 3923 Westminster.
ZILKER, J. F. 910A N. Sarah.

Draft Boards Are Busy.
Draft boards in seven St. Louis wards and in the Kirkwood district of St. Louis County were at work today. The Thirtieth Ward Board, with headquarters at Ward Board and Junata street, began work on its first list of men summoned for examination, being the last of the 28

FIVE AMERICANS LOST WHEN SHIP IS SUNK BY MINE

Missionaries Were on British Ship City of Athens, Destroyed Off Coast of Africa.
WASHINGTON, Aug. 13.—Five American passengers were lost when the British steamer City of Athens struck a mine and went down near Cape Town, South Africa, on Aug. 10, according to today's State Department dispatches.

Ten other passengers and four of the crew also were lost, the dispatches say.

The dispatches say four of the Americans were missionaries and name Mr. and Mrs. Naughton, Miss Helen Robinson and Caroline Thompson. The latter is of the Methodist Mission Board. Miss Robinson was the daughter of Bishop John C. Robinson of the Methodist Missions Board in India. Mr. Pointer of that mission was saved. Nineteen other missionaries of various organizations with headquarters at 356 Bridge street, Brooklyn, N. Y., were saved.

The fifth American who was lost was a Mr. Summer, address not given. In addition to those five, an Englishman named Duckworth, with his American wife and six children, also lost their lives. Mrs. Duckworth's father lives in Denver, Colo. Among the saved were Mr. Sommer and wife, apparently from Meadows, Ill.

The City of Athens was a 9000-ton vessel. She sailed from New York July 14.

LOSS OF 6183 SINCE 1916 IN MISSOURI'S SCHOOL POPULATION

Figures Show 919,321 in State; St. Louis Has Slight Gain With a Total of 159,295.
JEFFERSON CITY, Aug. 13.—Figures made public today show a loss since 1916 of 6183 in Missouri's school population. This compares with a loss between 1914 and 1915 of 1132.

The school population, as certified by the various county, St. Louis Kansas City officials to the State Superintendent of Public Schools, is 919,321. The previous year it was 925,504. The loss is largely in the rural districts. St. Louis stands at 159,295, a small gain, but the school census there is taken only once in five years.

The State money apportioned to St. Louis this year amounts to \$216,620.20, a gain over last year of \$11,755.05.

SIX MEN ARRESTED FOR NOT HAVING REGISTRATION CARDS

Six men were arrested yesterday because they had no army registration cards.

Joseph Molori, 3311 North Ninth street, was reported to the police to be 29. He says he is 34.

George Weeks, 313 Buchanan street, admitted he was 30, but contended he was told by a registration official that he did not have to register.

John Taylor, 26, 3105 Franklin avenue, asserted he registered in East St. Louis and lost his card.

Charles de Vorick, 22 North Sixth street, East St. Louis, maintained he was past 31, but the police have information that he is not. Robert Mead, a negro, 22 years old, of 4655A Fairfax avenue, had no excuse. Louis McDade, a negro, 31 years old, of 1625 Morgan street, declares he was sick on registration day.

2 GERMAN PLANES ARE SHOT DOWN IN RAID ON ENGLAND

23 Persons Killed, 50 Injured in
Air Attack on Coast
Towns.

DEFENSE IS EFFECTIVE

British Aviators Prevents Concerted Action by the Invaders.

By Associated Press.
LONDON, Aug. 13.—Two of the German machines which yesterday evening raided the English south-east coast watering places were destroyed by British naval airplanes. The official statement issued by the Government today says one of the machines was a Gotha airplane and the other a seaplane.

The admiralty statement said: "One hostile airplane of the Gotha type was destroyed during the return of the raiders to the Belgian coast and one hostile seaplane was destroyed off the coast of Flanders at approximately the same time. A large number of naval machines engaged the other raiders over the sea without decisive result."

"The pilot who destroyed the Gotha and who was flying in a Jara machine reports that he first pursued an enemy airplane flying at 12,000 feet from North Foreland to about 15 miles off Zeebrugge, where he lost the hostile aircraft."

"Returning to the mouth of the Thames, he observed anti-aircraft flaring in the vicinity of Southend and he flew in that direction, climbing. He then observed eight Gotha airplanes, followed by British machines, steering northeast. The enemy machines were about 2000 feet above him when he got beneath them. He pursued, climbing to 18,000 feet, and attacked without result when about 30 miles out to sea."

"At this moment he saw a single hostile machine 4000 feet below the enemy formation, but flying with it. He attacked from the front and drove the enemy down to the water, where he observed him turn over and saw one of the occupants hanging out to the tail. He thereupon threw him his life belt and did two or three circuits round him before returning to England. While returning he endeavored to convert the position of the hostile machine to British destroyers."

Reports from various local correspondents indicate the probability that the raid would have been much more serious but for the preparedness of the British defense. Twenty-three persons were killed in the raid and British airplanes at the first intimation of the enemy's approach arose from all points, climbing upward at a terrific pace at daring angles with the result that before the Germans arrived they were being shot down by the British machines.

The activity of the airplanes and the excellent fire from anti-aircraft guns appears to have nullified the attempted operations of the invaders virtually everywhere except at South

30 PERCENT OF FIRST DRAFT TO "JOIN THE COLORS" SEPT. 5

Same Number Will Be Called Sept. 15 and Sept. 30 and Remainder Soon After.
WASHINGTON, Aug. 13.—Provost Marshal General Crowder announced today that 30 per cent of the men drafted for the national army would be called to the colors Sept. 5, beginning movement on that day; another 30 per cent on Sept. 15, a third 30 per cent on Sept. 30 and the remaining 10 per cent as soon thereafter as possible.

Work is being rushed on the 19 national army cantonments in various sections of the country to have these training camps ready Sept. 5 for the first 30 per cent of the 687,000 men called.

The men for the first and succeeding increments will come from each of the State and Federal military districts and will proceed to their respective cantonments. Each 30 per cent will mean the movement of 206,100 men, while the remaining 10 per cent will number 68,700 men.

The movement of the various districts is expected to be executed without delay and with as little interference as possible to normal railway traffic.

DEMAND IS MADE FOR RECORDS OF STATE SANATORIUM

Accountants Want Missing Papers From Missouri Tuberculosis Institution.

HELD BY DR. ENGLISH

Duplicate Receipts for Cash Purchases and Bills of Pay Patients Are Gone.

By a Staff Correspondent of the Post-Dispatch.
MOUNT VERNON, Mo., Aug. 13.—Peremptory demands for the surrender of missing records of the Missouri Tuberculosis Sanatorium have been made by expert accountants from the State auditor's office upon Dr. C. C. English, former superintendent, and W. J. Salts, former steward.

Accountants who a week ago began an audit of the institution last Thursday found their investigation blocked. Some of the important records which are missing are the duplicate receipts for money paid out of the cash purchase fund, which amounts to \$1000 to \$1500 a month, and the duplicate receipts for money paid by pay patients, which the superintendent, Dr. S. A. Newman, estimates amounts to about \$700 or \$800 a month.

Possibility of New Scandal.
Although the accountants from the auditor's office are prohibited by law from disclosing any evidence discovered by them, it has been learned from employees of the sanatorium that they are following a line of inquiry which, if it develops the facts the accountants have been informed it will, will overshadow the scandal of 18 months ago, when a Post-Dispatch correspondent uncovered irregularities which included an attempt of some members of the board of managers to convert to their own use costly furniture, fine cattle from the registered herds and other things.

The official audit was begun 10 days ago by O. P. Caulfield, John Bartholomew and H. Grossbach, who, a few weeks ago, audited the records of the State Penitentiary. When they found their investigation blocked by the fact that the original records were missing they sent special delivery letters with the demands for the return of the documents.

Findings on record a letter from Dr. English to Dr. Newman saying that he had the missing receipts and considered them his personal property, the accountants wrote to him at Boonville, Ark., where they were informed he was a physician in a tuberculosis sanatorium. Further demands were made on Salts, the former steward, who is a protégé of Representative Frank H. Farris, who is under indictment by the St. Louis grand jury which investigated graft in the last Legislature.

It has been learned that the contracts under which many supplies were purchased are not to be found in the steward's office and that the records there are so few as to be virtually of no value to the accountants. It has been learned that the receipts and expenditures of the sanatorium.

Search for Alleged Rebates.
One feature to which the accountants are said to be giving particular attention is information they have received from official sources that in some instances checks were sent by firms which sold large amounts of supplies to the institution. The identity of the officer reported to have received these checks has been guarded by the accountants in their inquiries at the sanatorium and they have referred to them as discounts instead of rebates and have sought to determine whether they were paid into the institution by the officers receiving them.

When the new management took charge June 2, it found unusually large quantities of supplies on hand. Dr. Newman told the Post-Dispatch correspondent that there was enough flour oil on hand to last four or five years and enough of a hard substitute to last about two years. There were large quantities of other supplies, some of which were of a perishable nature.

The accountants are awaiting the production of the missing records.

ST. LOUIS BARGES AT ST. PAUL.
ST. PAUL, Minn., Aug. 13.—St. Paul and St. Louis joined hands today in rejuvenating Mississippi River traffic when the United States steamship Nakoma, heading a fleet of six coal barges from St. Louis arrived at the docks here.

A large supply of coal will be furnished to this city and the Northwest by river freight, according to the plans of the river men.

Town Has Perfect Draft Record.
CARLISLE, Mass., Aug. 13.—This town today boasted of a 100 per cent draft record. The quota of this town, which has a small population, was one man. Jacob P. Deane, the first man examined, passed the physical test, waived exemption and was enrolled in the new national army.

AMERICANS READY FOR "GOING OVER TOP" DRILL

One Day This Week Troops in France Will Charge "German" Trench With All Accompaniments of Real Thing.

By LINCOLN EYRE.

A Staff Correspondent of the Post-Dispatch and New York World.
(Copyright, 1917, by Press Pub. Co.)
AMERICAN FIELD HEAD-
QUARTERS IN FRANCE, Aug. 13.—With French artillery pounding away at "German" trenches in the most realistic manner possible, the American troops will "go over the top" one day this week in an attack just like a real thing in every particular—save that there will be no Germans and no casualties. Brigade formations will be employed, which will make the affair the liveliest sham battle Uncle Sam's soldiers have participated in for many a day.

Honest-to-goodness high explosives will be rained upon the "enemy" lines—of which, of course, there will be no occupants. Machine guns will crackle, cannon roar, felloes bark, hand grenades burst and rifles volley, as the olive-drab columns, in the assault, spring up over the parapets of their trenches and hurl themselves across an imitation No Man's Land upon the foe.

Far above the embattled infantry, French airplanes will report the progress of the fighting and signal the gunners where the creeping barrage fire should be laid. From a hidden observation post, Gen. Sibert and his staff, with a group of high French officers, will watch the "shock" regiments drive ahead to objective which will be precisely mapped out for them beforehand.

The fact that it has been found feasible to stage so comprehensive a maneuver in so short a time after training began is evidence of the development. There must, of course, be many such sham fights before the men will be ready to warm over the real "top," but they are acquiring lessons in the art of war at a speed which is bringing them closer to the firing line than had been thought possible in so brief a period.

Gen. Sibert is the happiest man in the camp today, because he has exchanged his automobile for a horse. The General rode over to one of the French cantonments to attend a review, at which decorations for valor were pinned on the breasts of some of the Chasseurs who are assisting in training his men. The Polish cheered him lustily, delighted to behold a General on horseback. The exigencies of their tasks compel the French divisionary commanders to do all their traveling in motor cars.

SOFT DRINKS ONLY AT 44 E. ST. LOUIS BARS

They Stop Liquor Sales Because
Near Military Camps—Brew-
ery May Have to Close.

Forty-four East St. Louis saloons stopped selling everything but soft drinks and cigars today, because they are within half a mile of military camps. United States District Attorney Karch said today all the saloon keepers apparently are obeying the law. He told them he did not object to the places remaining open, so long as they are not selling liquors were sold.

The Central Brewery, which is in the restricted zone, is operating today. Karch said that if he should be instructed by the Department of Justice that the law includes breweries, the operators of the brewery would be prosecuted. Karch believes the law applies to breweries. He issued drastic instructions today for the enforcement of the law.

There is a Federal law which provides that any person who has knowledge of the violation of a Federal law, and fails to report the violation, is also guilty, and may be punished by imprisonment. Karch said if he should discover that any policeman, soldier or citizen failed to report violations of which he might know, a warrant would be issued against such person. Any person who gets a drink in a saloon within the restricted district and does not report it will be subject to immediate arrest.

It has been intimated by city officials that the breweries are willing to pay for removing the military camp nearer the city limits. Karch said he believed the purpose of the law was to keep saloons half a mile from the camps, and not to keep the camps half a mile from saloons.

JOYRIDERS WARNED TO SAVE ON GASOLINE

Army and Navy Needs Might
Cause Drastic Action Against
Waste, Says Bureau Head.

WASHINGTON, Aug. 13.—Warning of the possibility of drastic action by the Federal Government to stop excessive pleasure use of automobiles during the war, in order that the gasoline needs of the United States and its allies may be met, was given in a statement issued by Director Van H. Manning of the Bureau of Mines today in which he asks for the co-operation of automobile owners in stopping the practice of "joyriding" and "gasoline waste."

Enough gasoline to care for the requirements of America and perhaps that of its allies will be saved, in the opinion of Manning. "If automobile owners of the country will stop unnecessary and extravagant pleasure riding and if owners and dealers handle this fuel in a careful and economical manner."

A patriotic, thoughtful and unselfish response to these suggestions," he said, would at once solve one of the perplexing problems now before the war-making authorities. In order that the war may be carried on successfully, the army will have immediately on hand enough gasoline for the aeroplanes, trucks, automobiles, tractors, and other machines. There must be no dilly-dallying about this supply of gasoline and there won't be."

It is estimated that the army and navy will need for the year 1917, 350,000,000 gallons, and there are two ways of obtaining it. In the first place, the joyrider whose pleasure is obtained by covering many miles at high speed can voluntarily give this up; the man who takes his family on Sunday for a 50-mile ride or more can cut this in half; every man who drives a machine daily can ask himself if part of his riding cannot be obviated.

GERMANS ADVANCE IN RUMANIA

Mackensen's Successes Near
Fokshani May Compel Rumanian Government to
Abandon Its Temporary
Capital at Jassy.

Germans Capture 6700 Russians and Rumanians, 18 Cannon and 61 Machine Guns Near Fokshani.
French Repulse Teuton Attack on Aisne, Recover All Lost Ground Near St. Quentin.

BERLIN, via London, Aug. 13.—The Germans continue their successes against the Rumanians. Last night's official announcement said successful engagements had been carried out in the Trotus Valley and north of the Suchitza.

Field Marshal von Mackensen's forces fighting in Central Rumania Saturday took more than 6700 Russians and Rumanian prisoners and captured 18 cannon and 61 machine guns.

The official announcement issued yesterday said: "Austro-Hungarian divisions captured the dominating height positions and the village of Grozesti. The enemy brought forward into battle fresh forces against our troops which are advancing in the Oltuz valley and bled themselves to death in off-repeated bitter counter attacks without success."

Army group of Field Marshal von Mackensen—The battles north of Fokshani continue. Between the river Sereth and the railway line to Ajacu, the Russians and Rumanians yesterday again attacked our lines with strong forces. We did not permit a foot of ground. Over 350 officers and more than 6500 men were taken prisoners and 18 cannon and 61 machine guns were captured."

Situation Dangerous in Jassy; Diplomats Expected to Depart.
LONDON, Aug. 13.—A dispatch to the Times from the Odessa dated Saturday says the diplomatic body at Jassy, Rumania, was expected in Odessa, the situation being regarded in Jassy as dangerous. It is not expected the diplomats will stay in Odessa long. It is believed they will go either to Kherson or to Ekaterinoslav.

British Official.
There is nothing special to report from the Franco-Belgian front," says today's official communication.

The official statement last night said: "The number of prisoners captured in the successful attack of the tenth and in subsequent operations east of Ypres has reached a total of 454, including nine officers. In the same operations, we also captured six German guns."

"An attempted raid this morning south of Armentiers was successfully repulsed by the Portuguese with bombs and rifle fire.

In spite of repeated storms and strong westerly winds, which greatly favored the enemy, our airplanes carried out much successful work yesterday. In air fighting three German machines were downed and four others were driven out of control. Two of our airplanes were forced to land behind the line and three other British machines are missing."

Saturday night fighting occurred for possession of a mine crater east of Ginchy Les Bains. The British established themselves on the nearer lip of the crater and drove off counter attacks.

PARIS, Aug. 13.—The Germans attacked last night on the Aisne front in an effort to recapture trenches taken by the French on Saturday. Today's official statement says they were repulsed with losses.

French troops Saturday night resumed their counter attacks against the positions which the Germans had captured on the night of Aug. 9-10. The British established themselves on the nearer lip of the crater and drove off counter attacks.

The ground previously lost was recovered in its entirety.

Captain and Six of Crew of Lost Schooner John Hays Hammond Lost.
AN ATLANTIC PORT, Aug. 13.—The captain and the six members of the crew of the American schooner John Hays Hammond, victim of a German submarine July 17 while on a voyage from England to Iceland, have arrived here on an American steamship. Cable dispatches tell of the loss of the schooner but say nothing of the fate of the crew.

The men said they were picked up by a British destroyer. 360 miles northeast of the Irish coast, after being 24 hours in their lifeboat.

A Strong Finish

The POST-DISPATCH left its Broadway quarters yesterday (Sunday) with another link added to its long chain of advertising "beats" over all combined competition.

This overwhelming supremacy has extended over a period of

Nearly Ten and a Half Years.

The figures for Sunday, Aug. 12th:

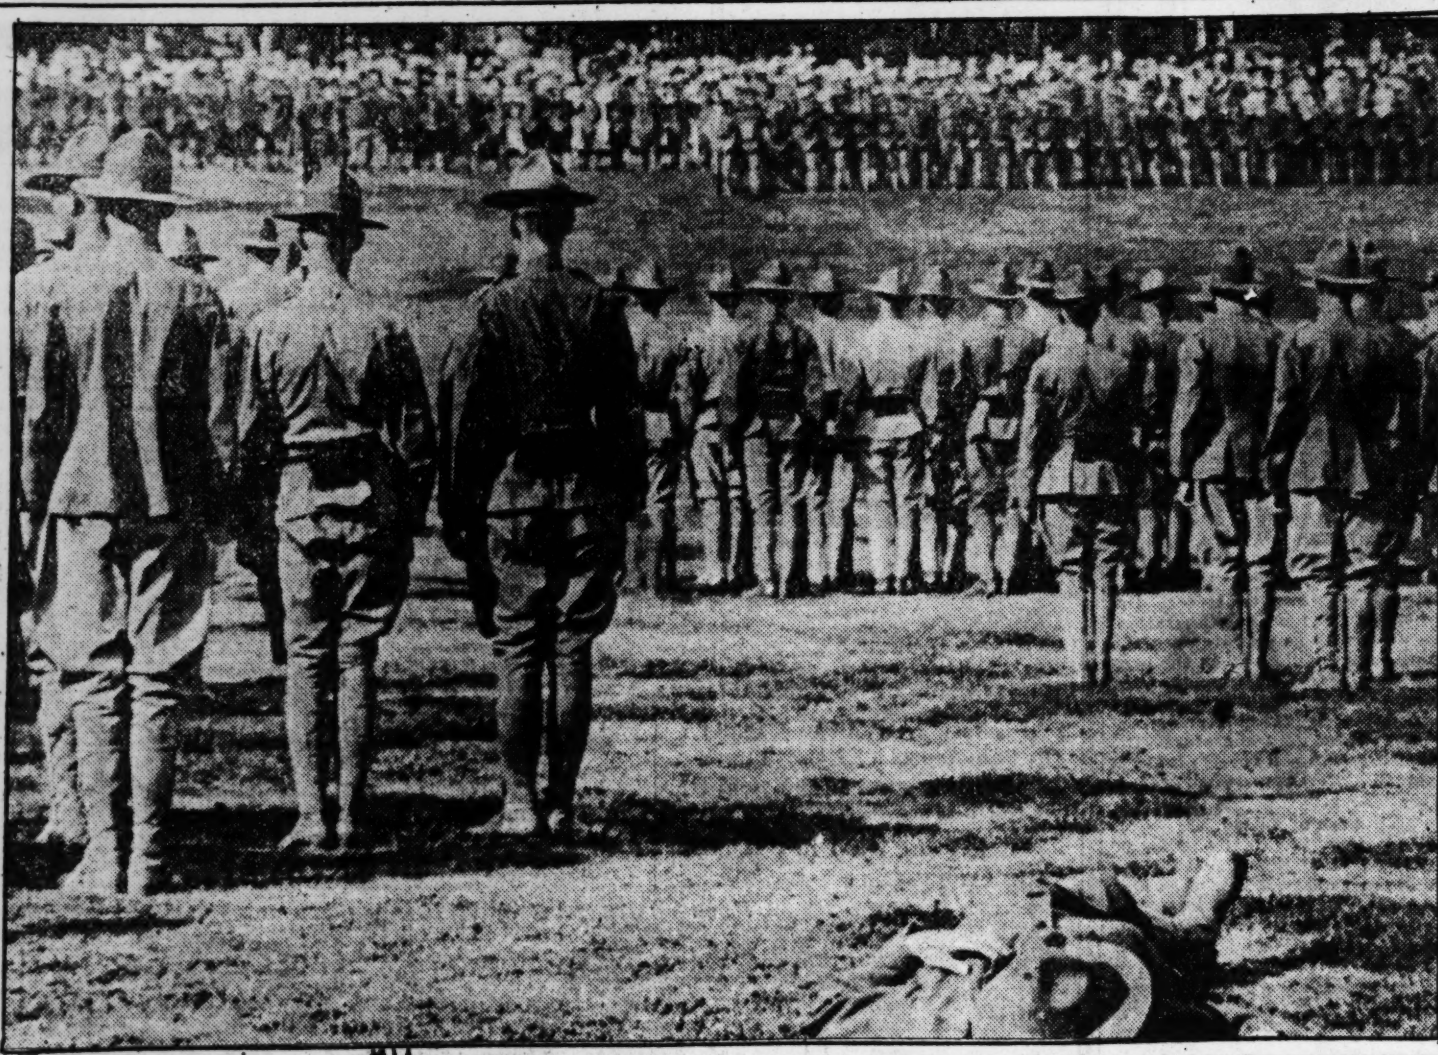

Total Paid Advertising—	269 Cols.
POST-DISPATCH alone	258 Cols.
Globe-Democrat and Republic combined	11 Cols.
POST-DISPATCH alone exceeded both	11 Cols.
Home-Merchants' Advertising—	
POST-DISPATCH alone	127 Cols.
Globe-Democrat and Republic combined	121 Cols.
POST-DISPATCH alone exceeded both	6 Cols.
National Advertising—	
POST-DISPATCH alone	23 Cols.
Globe-Democrat and Republic combined	31 Cols.
Real Estate and Wants—	
POST-DISPATCH alone	119 Cols.
Globe-Democrat and Republic combined	106 Cols.
POST-DISPATCH alone exceeded both	13 Cols.

AT THE GREAT LOYALTY DEMONSTRATION AT JEFFERSON BARRACKS YESTERDAY

B—It is for the guardsmen to laugh. The man on the ground is one of the regulars, who stood at attention while the National Guard passed by. He collapsed from the ordeal and has been pulled out of line by a non-commissioned officer. The regulars always have chaffed the guardsmen for a supposed lack of stamina.

C—Mrs. W. R. Chivvis, one of the Chairmen of the Women's Committee on Food Conservation, who was one of the speakers.

E—Aliens figured prominently in the assemblage. Here are a few of them and one of the banners they carried.

MANY OF ALIEN BIRTH IN BARRACKS PARADE

Loyalty Demonstration Joined by Civic Orders; German and Austrian Born Are Absent.

Large bodies of men of European birth, marching under banners which proclaimed their allegiance to the United States, were the most striking feature of the Loyalty day demonstration at Jefferson Barracks yesterday afternoon. A large gathering of St. Louisans, besides the several thousand regular army recruits stationed at the Barracks, witnessed the observance, which ended with the lowering of the colors at the firing of the sunset gun.

Italians, Greeks, Servians, Croatians and Syrians were among the marchers. Men of German and Austrian birth did not take part, but

some of these were among the spectators.

The parade was led by a war-strength battalion of the First Regiment, National Guard of Missouri. This was followed by a detachment of the Home Guard, with a drum corps. Then came several hundred postoffice employees, the Knights of Columbus Choral Club, the Sons of Veterans, the Boy Scouts, the Famous-Barr band and girls' drum and bugle corps, the Navy League contingent and the Naval Scouts, followed by the foreign-born marchers.

Speeches were made, after the parade, by Postmaster Selph, the Rev. Father J. J. Tannath, former Judge Selden P. Spencer, Mrs. William R. Chivvis and James C. Jones. Music was furnished by the Knights of Columbus Choral Club, the mail carriers and the Jefferson Barracks band.

Preacher Becomes College President. Rev. Dr. Richard Ames Montgomery yesterday ended his pastorate at the Tyler Place Presbyterian Church and departed to take up his new duties as president of Parsons College, Fairfield, Io.

WIFE'S CURIOSITY PUTS HER HUSBAND IN CELL

Woman Finds He Is German Born and Tells Police When He Evades Questions.

The curiosity of Mrs. Ethel Henning of 3514 Cora avenue, 18 years old, a bride of six weeks, caused her husband, Walter H. Henning, or Hempling, to be held incommunicado at police headquarters today, while the United States District Attorney's office was notified of circumstances which, it was thought, might interest the Federal authorities.

Henning is a native of Germany, his wife says, and has taken out first papers of American citizenship. The story she told to police officials yesterday caused the suggestion her husband might be engaged in the German secret service. But the wife said she had no definite reason for

thinking this was the case. She appealed to the police, she said, merely because she had been unable to find out anything about her husband. The young woman, whose maiden name was Krachenberg, and who formerly lived at 3833A Windsor place, said she eloped June 30 to Columbia, Ill., with Henning, who told her he was a physician, and had been an interne in the city hospital.

The next day she went to the city hospital to check up on her husband. She found, she said, that he was not known there. That evening she told her husband about her inquiry at the city hospital and insisted that he should tell her where he had been educated. He said he had been a student at Concordia Seminary. This is an institution for the training of Lutheran ministers.

She went to the seminary a day or two later, and was told that a Walter H. Hempling had been a student there, but had been expelled. She satisfied herself, from the description given, that this was the same person as her husband. Further questioning of her husband, she said, brought the statement that he was a wealthy mill owner of Freeburg, Ill. Freeburg is

not far away, and the young wife went there and asked more questions. She satisfied herself there, she says, that her husband, under another name, had lived in Freeburg and had obtained first citizenship papers. When she questioned him about this, she said, he told her to "pay no attention" to it.

A further reason for her inquiry, the wife said, was that her husband did not support her, and that he borrowed money from her relatives. Once, she said, when one of these relatives insisted on repayment, he borrowed from another relative to make the payment. There was no open quarrel, she said, and the two lived together up to the time of the arrest.

Negro, Hit by Auto, Loses Both Legs. Andrew Hellet, a negro, of 724 North Eleventh street, had both legs amputated after being run down by an automobile at Fourteenth and Morgan streets last evening. The driver abandoned the machine and escaped. The auto belonged to Henry D. Garnett, 1431 Lucas avenue, and was driven away from in front of that address without the owner's consent, the police were told.

FIRST AND FIFTH ARE READY TO GO TO CAMP

Hope to Move This Month to Training Grounds, One to Nevada, Mo., Other to Fort Sill.

Officers of the First and Fifth Missouri infantry regiments today announced themselves in readiness to move to the training camps designated by the Militia Bureau at Washington. They expect orders to move before the end of the month. Col. Robbins, commanding the Fifth, thinks his command probably will be ordered to Nevada, Mo., this week, while Maj. Lowe of the First Regiment said it is unlikely that the First will move before the latter part of the month. He expects the regiment to be ordered to Fort Sill, Ok.

The First has been in readiness to move for about two months and for the last month has been encamped at Maxwellton, St. Louis County, where the men have received daily drills. The Fifth assembled its men a week ago and since then they have remained together, awaiting the call to the training camp.

BULGARIAN KING'S OPINION OF AMERICA'S WAR STRENGTH

Kaiser's Ally Says U. S. Public Opinion Has Been Mailed; Gives Interview.

BERLIN, Aug. 13.—During an interview with a Stuttgart editor, King Ferdinand of Bulgaria, who has been visiting the King of Wuerttemberg, said he believed the desire for expansion would continue to assert themselves in liberated Russia and that the smallest states must constantly be on guard.

The economic future of his country, the Bulgarian King said, was dependent upon a close association with Germany and Austria-Hungary, which would prove ready markets for Bulgaria's agricultural products. He blamed the Italian King and French influences for Italy's withdrawal from the triple alliance. King Ferdinand estimated the war strength of the United States as being lower than its world power, which would be of great significance in the period immediately after the war. The King considers it possible that public opinion in America will recognize how much it has been misled.

PATRICK SHEEHAN, ONE OF FAMOUS TWINS, DIES

Formerly Owned Ball Park and
Other Realty; Third Brother
Close Counterpart.

Patrick Sheehan, once a large holder of St. Louis real estate and known to many St. Louisans as one of the Sheehan twins, will be buried tomorrow after funeral services conducted by Archbishop Glennon at the Sacred Heart Church, Twenty-fifth and University streets, of which he had been a large benefactor.

Sheehan died at his home, 2303 St. Louis avenue, of hardening of the arteries, Saturday afternoon, 12 and his twin brother, John, both bachelors, lived there together.

The Sheehans did not know their exact age, but were accustomed to tell friends they were "between 33 and 35." Few persons could tell them apart. John is still vigorous. There was a younger brother Michael, who died several years ago. He was almost an exact counterpart of the other two, and many persons thought the Sheehan brothers were triplets. At one time it was their custom to ride about in a buggy with a seat wide enough for the three.

Patrick Sheehan at one time owned the present site of the Browns' Baseball Park and other valuable real estate, much of which he converted into cash in recent years.

He was a generous donor to Father Dunn's Newsboys' Home, the new Kenrick Seminary at the Cathedral, St. Mary's Orphanage, and the Sacred Heart Church and school.

When Catholic institutions were being built he often donated his services as a building expert to make certain that the work would be done according to contract.

Telephone on Railroad Car
SAID TO HAVE BEEN PERFECTED

Successful Experiments on Canadian Line Reported, With Wheel and Axle as Transmission.

WASHINGTON, Aug. 13.—Successful experiments with a telephone apparatus installed on a railroad car were carried out recently by a representative of the signal department of the Canadian Government Railways and the inventor of the device, the former in the car itself and the latter in the dispatcher's office in the yard at Moncton, N. B. A report of the experiment has been received from Consul Richardson at Moncton. The transmission in this system of communication is made through wheel and axle without the assistance of any contributing medium.

The report of the tests declares that the communication established was in every way satisfactory, although the train was in motion. It is said there was no difficulty in hearing distinctly every word of the messages exchanged.

The experiment was tried on a double-track line where the rails are properly "bonded" for the block signal system, but it is claimed that equally good results can be obtained on any track where the rails are similarly "bonded" without regard to the presence or absence of a block signal installation.

SWISS, FORCED TO USE PEAT, STUDY SCIENTIFIC PRODUCTION

WASHINGTON, Aug. 13.—The exigencies of war, the lack of developed coal deposits, and the inability to import coal in quantity sufficient to meet the needs of the population have induced the Swiss Government, through a semi-official organization known as the Societe Co-operative Suisse de la Tourbe, whose address is Berne, Switzerland, to resort to the use of turf or peat as a substitute or to supplement the insufficient supply of coal.

The association, says a report to the Department of Commerce, is in the market for the purchase of improved machinery for cutting, raising, drying and compressing turf. Turf or peat as a fuel is not a satisfactory and complete substitute for coal, on account of its low calorific properties, particularly for steam generation, but in those portions of the United States where it abounds it may be used to advantage for domestic consumption by admixture with coal, not only saving the cost of distant transportation of coal but producing sufficient heat at a much reduced cost.

The question of the present and future supply of fuel is an alarming one to the people of Switzerland. The quantity of coal now imported is insufficient, even when consumed under rigid economy, and the proposed substitution of turf is designed to relieve the stress of the situation.

The Post-Dispatch Has Moved.

GOLD AND SILVER MOVEMENT BETWEEN U. S. AND ABROAD

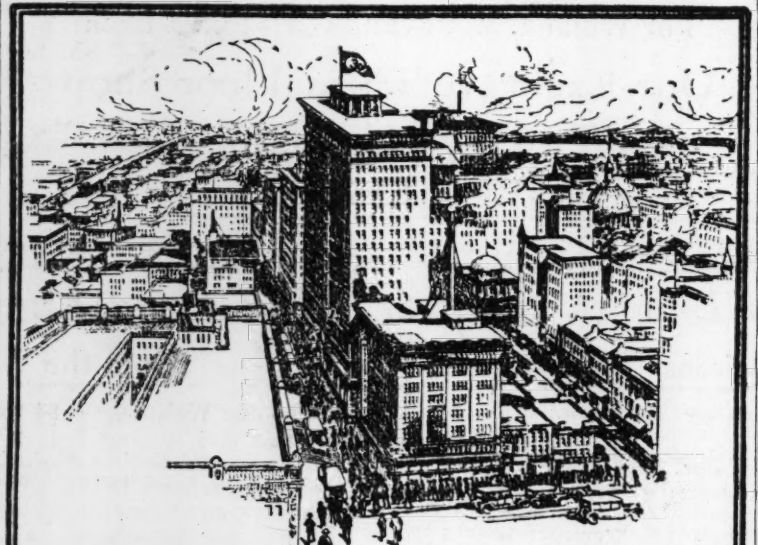

Report for Fiscal Year Shows the Unprecedented Total of \$1,382,380,745.

WASHINGTON, Aug. 13.—The total movement of gold and silver between the United States and foreign countries during the fiscal year 1917 reached the unprecedented total of \$1,382,380,745. According to a statement issued by the Bureau of Foreign and Domestic Commerce, Department of Commerce, the imports of gold were \$777,176,026 and of silver \$35,003,563. Gold exports amounted to \$291,921,225 and silver exports to \$78,279,931.

The net exports of silver showed an increase in 1917, but this metal is produced in great quantities in this country and is sold abroad in the same manner as other commodities. An excess of exports, therefore, has no such significance as is sometimes attributed to a similar movement in gold.

In addition to the imports of gold and silver from foreign countries domestic gold amounting to \$15,409,523 and silver amounting to \$653,824 were shipped from Alaska to the United States during the year.

BRITAIN TO DENY PERMISSION TO GO TO STOCKHOLM

**Sonar Law Informs Commons of
Decision as to Socialist
Conference.**

LONDON, Aug. 13.—Andrew Bonar Law, the Government spokesman in the House of Commons, told the members of the House this afternoon that the Government had decided that permission to attend the international Socialist conference at Stockholm would not be granted to British delegates.

**THOMAS INDORSES
FRENCH SOCIALIST
STOCKHOLM PLANS**

**Functions Minister Now in Posi-
tion Like That of Henderson,
in England, Who Resigned.**

PARIS, Aug. 13.—The decision of the permanent Administrative Committee of the French Socialist party that French Socialist delegates shall

go to the international Socialist conference at Stockholm, as announced yesterday, places Albert Thomas, Minister of Munitions, and Socialist leader, in a delicate position, similar to that of Arthur Henderson, British labor leader, who resigned as Minister without portfolio on Saturday, inasmuch as there is a conflict between the decision of Thomas' party and the expressed intentions of the Government, of which he is a member.

In a speech to his constituents at Champigny Thomas endorsed and explained the decision of the party's committee. He asserted it could not be said the Socialists would go to Stockholm to promote a peace based upon compromise, but that they would endeavor to fix before the world responsibility for the war and to affirm what the allies consider to be just and right.

The general opinion expressed in the press is that nothing will come of the meetings of Socialists.

French Socialists' Position.

The permanent administrative committee of the French Socialist party adopted a resolution declaring that the party goes to Stockholm to declare respect for the people's rights, for submission henceforth of every possible conflict to the justice of nations; to ask Socialists whether they condemn Governments responsible for violations committed at the outbreak of the war, and will take action against the Governments in order to shorten the war, and to demand that the Governments which still refuse shall be obliged by Socialist action to make known their war aims and whether prepared to make reparations and to declare if

they still intend using the war map as a means of reaching peace.

Conditions of Attendance.

The conditions specified read: "The delegates are to be given proper mandates by organizations regularly affiliated with the Internationale and a program is to be drawn up after the question has been discussed by delegates appointed for this purpose.

"In order that the international meeting shall be able to produce useful results all sections are expected to adhere to the following principle beforehand in case of warlike aggression by any power.

"The proletariat of the nation attacked has claim to the aid of all proletarians of all nations, whether belligerent or not, an aid which may vary according to the circumstances from a simple protest to armed intervention against the power disturbing the peace."

**German Papers Express Little Hope
in Conference.**

AMSTERDAM, Aug. 13.—The Berlin Lokal Anzeiger says the decision of the British Labor party will not alter anything regarding the hopes attached to the Stockholm conference, in view of the changes which have taken place in Russia. The paper does not believe much good will come from the program of the Labor party, and considers the attitude of the American Government more logical in refusing passports to the American delegates.

Vorwaerts, the Socialist organ of Berlin, says: "We hope when the delegates arrive that they will understand their mission in quite a different spirit from that indicated by Henderson. They must under-

stand that it is impossible for them to preach a continuation of the war by giving German minority Socialists additional evidence against the German Government. One single discussion with the Germans will show the English how naive they are. This is an advantage we hope for in the coming discussion. Therefore, we rejoice in this step forward. It cannot remain the only step."

**IDLE POPULATION MAY BE
ORDERED FROM PETROGRAD**

PETROGRAD, Aug. 13.—A partial evacuation of Petrograd by idle and nonproductive elements of the population in order to alleviate the economic crisis, which daily is becoming more acute, was favorably considered by the Government at a conference Saturday and the question referred to the Minister of Justice for approval.

To ameliorate the food shortage, such a measure is absolutely necessary, according to the conclusions reached by the Government. The order of evacuation, if promulgated, will provide for transfer of all institutions and individuals not productively engaged in Petrograd or necessary to the economic or official life of the city.

The measure will aim to remove from the capital the burden of the idle parasitic population, which foment disorders and, to a great extent, was responsible for the recent uprisings. Schools probably will be included among the institutions transferred from the city. A special permit designating the business of the bearer will be required of persons entering the city.

PICKPOCKET AT GOSPEL MEETING

Man's Watch Is Taken While He Looks On at Street Services. Roland J. Cannon of Dallas, Tex., stopping at the Alamac Hotel, told the police pickpockets took his gold watch while he was looking on at a street gospel meeting near the hotel last night.

Dr. Randolph V. Vaughan, 3954 Cleveland avenue, reported \$25 in currency and two checks for \$10 were taken from his pocket while he was on a Grand car yesterday afternoon.

WESTLICHE POST ON HARDEN

The Westliche Post today printed this editorial paragraph:

"Maximilian Harden says—what now? If Maximilian Harden were here, and talked as loosely as he does in Germany, he would have been hanged long ago."

This was apparently a comment on the announcement, made in news dispatches a few days ago, that Harden was advocating the return of Alsace and Lorraine to France as a means of bringing peace.

Prices \$1.95 to \$2.95
Basement Shop.

LABOR UNIONS TO OPPOSE
PROPOSED U. R. COMPROMISE

Central Body Unanimously Adopts
Committee's Report Condemning
Terms of Suggested
Agreement.

The report of a special committee of the Central Trades and Labor Union, condemning the proposed United Railways mill tax compromise and franchise extension bill on 13 specific grounds, was adopted unanimously at a meeting of the union yesterday.

The committee, comprising Stephen H. Butler of the Walters Union, T. J. Callahan of the Molders Union, William F. Canavan of the Moving Picture Operators' Union and

CASTORIA

For Infants and Children
In Use For Over 30 Years

Always bears
the
Signature of

Charles Baird of the Bartenders' Union, after considering the compromise for several weeks, recommended that it should be rejected by the city for these reasons:

Because it does not insure future service, nor give the city control of the railway properties; deprives the city of the result of 10 years mill tax litigation, proposes to grant franchises worth \$40,000,000 without adequate compensation, and because the \$60,000,000 valuation of the properties is arbitrary and fictitious and not founded upon intelligent investigation and valuation.

The report further states that the compromise should be rejected because "the United Railways Co. is seeking to dispose of property which for taxation purposes it values at worth \$18,000,000, for \$60,000,000; in other words, seeks to make the city pay \$42,000,000 for extension of the company's franchises, which extensions the company asks the city to grant without compensation."

The other reasons for opposing the compromise are: Because it seeks to prevent competition, prevents the city from granting franchises to standard-gauge interurban roads

whose tracks are two inches wider than United Railways tracks; the city ought not by contract to control its future action for a period of 50 years, as it cannot foresee what conditions may prevail through such a long period; the arbitrary and fictitious valuation of \$60,000,000 exceeds the real valuation of the properties by 50 per cent; the compromise ordinance would enable the company to carry freight and express in the streets and obstruct traffic; we believe the compromise to be the offspring of political corruption, and, finally, the mill tax, under the proposed compromise, would no longer be a first lien on the properties of the company.

FIRE AT THE COLISEUM

Fire at the Coliseum Quickly Extinguished.

Fire which was discovered at the Coliseum at 9 a. m. today was practically extinguished by the soldiers of the Fifth Regiment in barracks there. The blaze started in rubbish in the basement.

KANSAS CITY CAR
STRIKERS REJECT
COMPANY'S OFFER

Six Hundred Hungry Strike-
breakers Are to Be Started To-
ward St. Louis on Special.

KANSAS CITY, Mo., Aug. 13.—Striking employees of the Kansas City Railways Co. today voted to reject an offer of settlement made to them yesterday by company officials. The stumbling block was announced as being the company's refusal to institute a "closed shop" policy.

More than 500 strikers, part of a parade of nearly 2000, late today forced their way into a conference between officials of the company and a committee of the Chamber of Commerce seeking a settlement. The meeting was temporarily stopped as the men demanded permission to be heard.

Following a conference between the street railway officials and their dissatisfied employees, which lasted far into last night, the company presented a tentative proposal to the men, which along general lines, conformed to their demands made before the walk-out was precipitated.

Reinstatement of discharged employees and recognition of the men's organization were the cardinal points embodied in the proposal. The traction company offered to reemploy men discharged after Aug. 1 of this year and would not discriminate against employees because of union affiliations. The strikers today were considering their reply.

News that strike-breakers had been brought to the city Saturday morning and housed in a car barn quickly brought thousands of strike sympathizers to the scene. The improvised lodging house was made the target of missiles. Their headquarters was besieged all day. A window in the building was shattered and the men, kept from their commissary by a curtain-fire of bricks and stones, went hungry, with food actually in sight. Four street cars were burned by a mob which surrounded the building before the arrival of Chief of Police Thomas P. Mahive with a riot squad.

Upon requests by the strike-breakers that they be allowed to leave the city, Chief Mahive led the invaders, surrounded by their tormentors, through a heavily trafficked street lined with jeering spectators, to Union Station, where they remained on board a train until their departure later today.

Strike-Breakers to Head for St. Louis.

Six hundred strike-breakers marooned at Selsa, Mo., since yesterday, when they were deported from there by street car strikers, will be moved out of Jackson County on a special train to leave Selsa at 6 o'clock tonight for St. Louis. Officials of the Kansas City Railways Co. determined upon the move late today, on the Chicago & Alton Railroad, leading to both St. Louis and Chicago.

The decision of the company followed orders from Harry Hoffman, County Marshal, that the men must be moved within 24 hours, as they were destroying property and pillaging the country in an effort to obtain food.

Hoffman, who went to Selsa today, telephoned to Kansas City that the strike-breakers had had little to eat during the last two days and that many were "ravenously hungry."

Traction Officials' Charges.

Charges that the police department openly sided with the strikers was voiced today by Col. P. J. Kenly, president of the Union Bus Company. Traction company Col. Kenly also charged that the fire department allowed the crowd to burn the street cars, using their apparatus merely to prevent the fire from spreading to other than street railway property.

The situation here today was complicated by information received from St. Louis that increasing numbers of strike-breakers were being mobilized there.

While treating the strike good naturedly, the public today was beginning to feel the strain of prices charged by jitneys and other conveyances which swarmed the downtown streets, disregarding traffic regulations and causing many slight accidents to be reported.

Springfield (Ill.) Street Car Men Repudiate Strike Settlement.

SPRINGFIELD, Ill., Aug. 13.—Springfield street car men who were to have returned to work this morning under a new agreement after a strike of three weeks, repudiated the settlement yesterday and declared they would not go back on their runs until full recognition of the union is accorded by the Springfield Consolidated Railway Co.

It was voted by union miners that every union miner in this section order taken out by or before Friday both gas and electric meters where the service is furnished by the railway company and a practical boycott is threatened all business men who refuse to do likewise.

Drivers now receive \$3.60 a day, motormen \$3.88, and day laborers from \$2.25 to \$3.88.

Farrington today ordered all strikers back to work, and declared there would be no wage conferences while the mine workers violated their agreement by walking out. He declared that exorbitant prices being made by operators was responsible for the unrest.

"Miners have been told by the State Council of Defense that coal prices are indefinite and they have determined to have some of the profit," said Farrington, who declared present prices were not "indefensible."

BURGLAR LASSOOED ON ROOF,
LOWERED THROUGH SKYLIGHT

A negro burglar was caught on the roof of an eight-story building at Fourteenth and Locust streets, last night, by Joseph Sweeney, agent for a burglar alarm system, who lassoed him with a rope and lowered him through the skylight to a policeman.

man who was waiting inside the building.

The negro broke into the factory of the Froelich Shirt Co. and, without his knowledge, had set an automatic burglar alarm in motion. Sweeney responded to the call and took a policeman with him. While the policeman remained in the factory Sweeney chased the negro to the roof.

The burglar put up a fight and Sweeney snatched his revolver twice but it failed to explode. He then knocked the negro down and looped him about the waist. While the negro struggled Sweeney rolled him to the skylight and lowered him to the factory. The prisoner gave his name as Herbert Cummings.

Garland's
Dainty New Voile Blouses

New and Specially Priced for Tuesday

\$1.95

Charming new styles that reflect the early Fall style ideas, of sheer French voile, with dainty embroidery, hand drawnwork and tiny tucks; others with filet and Valenciennes in pretty designs; the new collars are unusually attractive.

All are fresh, new and attractive. Every size, 36 to 46. Three of the twelve new styles are illustrated.

Showing early Fall styles in Georgette Blouses at \$2.95, \$3.98, \$4.95 and \$6.98.

Tub Skirts

Choice of the House

\$1.00 & \$1.50

350 White Summer Skirts remain. Not many, when you consider that you have over two months to wear such Skirts. But it's too many for us to have at this time—in fact, we'd rather not have any, so we're going to make a quick clearance.

They were formerly priced up to \$4.98, and all sizes are included. Gabardine, pique, Marseilles and beach cloth. Choice for \$1.00 and \$1.50.

Silk Skirts

Priced heretofore to \$15.00

\$6.95

Only 50 of these, including tussah and pongee silk, in natural and white, pussy willow taffeta, wash satin and crepe de chine in white; also a few fancy striped taffeta. Some are full gathered, with large fancy pockets and belts, others side pleated. Choice, Monday, \$6.95.

California Bathing Suits
With contrasting color collar and border; special at

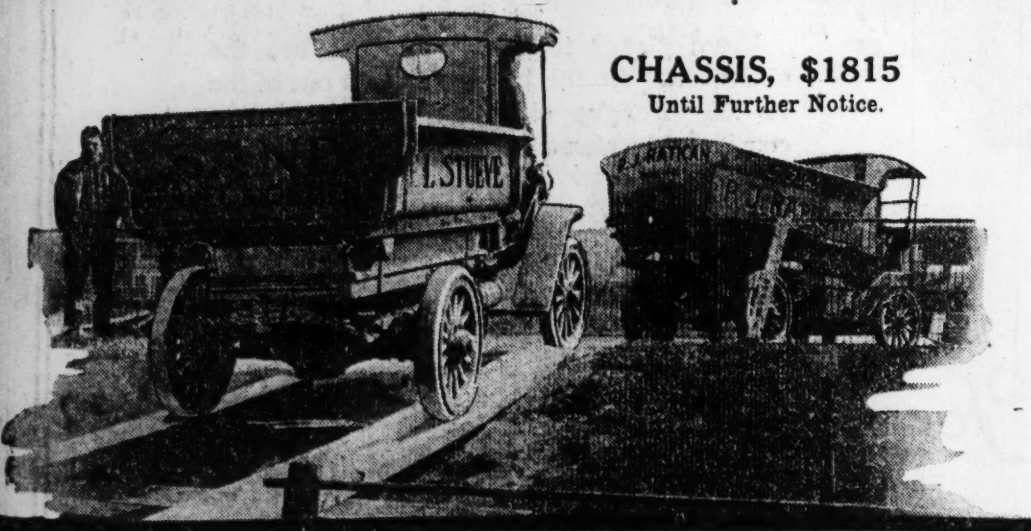

\$4.98

Girls' Wash Dresses Reduced

A clearance of our finer Dresses. Over 200 in this special lot. Made of shock collars, organza, nets and linens. Many pretty styles to select from, in the season's bright new colors, also plenty of plain white. A large number of them are smocked or daintily trimmed. Here is a rare opportunity to secure a high-grade Dress for little money. Value to \$8.00. Special, Tuesday, \$2.98.

Autocars Surfacing Mullanphy Playgrounds

The Skrainka Construction Co. of St. Louis had a contract to surface the Mullanphy Playgrounds in St. Louis. They placed their own Autocar and two others on the job. The illustration shows the cars going up the terrace to the playgrounds. The quick work of the Autocars in hauling the surface material and unloading it by means of their automatic power dumps attracted crowds of spectators.

For information on the Autocar, in your line of business, see Steele Morgan Motor Car Co., 16 North Euclid Av., St. Louis.

THE AUTOCAR MOTOR TRUCK

The Autocar Company, Ardmore, Pa.

Established 1897

"Why Should I Insure
My Baggage?"

—A man asked us the other day, "Because," said we, "thieves are active, especially during the summer rush, hotel fire frequent and losses in transportation common, and over none of these risks can you exercise much control."

You can be careful in your home, but even there you insure your goods. Why, therefore, take the many risks while traveling, when hazards are extremely great? A NORTH AMERICA baggage policy which costs very little will insure your effects from the moment they leave your home until they are returned.

Remember your chance of loss is as great on a day's trip as it is on a long tour.

U. S. TANKER SUNK, CAPTAIN AND GUN CREW REPORTED CAPTURED

Submarine Attack on the Campana, Aug. 6 Off West Coast of France; 47 Survivors Reached Land.

WASHINGTON, Aug. 13.—The United States has called on the Swiss committee looking after the welfare of prisoners of war to ascertain the fate of the American gun crew captured by a German submarine from the steamer Campana, a Standard Oil steamer, which was sunk Aug. 6 by a German submarine that, according to a Navy Department announcement last night, was believed to have made prisoners of four of the naval gunners on board.

The department issued this statement: "The Standard Oil tanker Campana, American steamer, was sunk by a submarine on the morning of Aug. 6, 143 miles west of Isle de Re. Forty-seven survivors reached land in safety. It is believed that the captain of the steamer and four of the armed guards are prisoners on board the German submarine."

The Campana, the thirty-eighth American merchant ship destroyed through the operations of German and Austrian submarines and raiders since the war began. Thirteen ships were sunk before the United States entered the war, April 6, 1917. The total tonnage of the ships lost is about 113,000 tons, including 64,000 tons sunk since April 6.

The news of the probable capture of the American gunners arouses great interest here because of the German announcement some time ago that officers and gunners taken off armed merchantmen would be treated as pirates. This announcement never has been revoked.

SHOOT AND KILLS SELF ON CAR AFTER 140-BLOCK RIDE

Richard C. E. Koch Ends His Life on Rear Platform of Broadway Car

Richard C. E. Koch, a real estate dealer who formerly boarded at 3556 Russell avenue, shot and killed himself on the rear platform of a south-bound Broadway car near Reichelberger avenue at 7:30 a. m. today, after riding 140 blocks. He died two hours later at the city hospital without regaining consciousness.

Ross McDonough, the conductor, explained Koch boarded the car at the Baden loop, 8600 north. The car was in the 5400 block on South Broadway when Koch shot himself. A note found in Koch's pocket read: "My name is Richard C. E. Koch. I am 52 years old. Notify Hauck & Smith, undertakers."

At Koch's directory address on Russell avenue it was said he had not lived there for several weeks. His sister, Mrs. Robert Funk of 3907 Lafayette avenue, told the police she knew of no reason for his act. She said his wife was visiting relatives in Leavenworth, Kan. No money was found in Koch's pockets.

NEGRO DENTIST, ALLEGED RIOT INCITER, REPORTED ARRESTED

Leroy M. Bundy of East St. Louis Was Sought in Connection With Death of Policeman.

Leroy M. Bundy, an East St. Louis negro dentist, was arrested in Cleveland today, according to an Associated Press dispatch. He has been sought by the East Side authorities since the killing of two members of the police force by negroes, on the night of July 1. This was followed the next day by the indiscriminate slaughter of more than 30 negroes in the negro residence district and in downtown streets by white rioters. At the time of the massacre of negroes threats against Bundy were heard, and he was declared by many to have been the organizer of the rioters who shot the policeman. He had left town, and circulars asking for his arrest have since been sent through the country.

He denied the Cleveland dispatch said, that he was implicated in any act of violence.

REJECT 100 EXEMPTION CLAIMS

The Alton Exemption Board, at its session Saturday, rejected the exemption claims of more than 100 men who are married but have no children.

The rejections are temporary. Each applicant has the right to give proof before the District Board that the wife is actually dependent upon them. In all claims of exemption for children the claims were allowed.

CAR MEN TO GET COAL AT COST

United Railways officials announced today that employees would be permitted to buy coal for the winter from the company at cost. The company will buy its coal in 1000-ton lots, and give employees the benefit of the lower prices obtained through large purchases. Coal is stored in the car barns, and when ordered by employees will be sent to their homes. Notices and order blanks have been mailed to employees who are heads of families.

For all-day basket picnics come to Forest Park Highlands. Admission free up to 4 p. m.—ADV.

First Valor Medal to Root.
WASHINGTON, Aug. 13.—Elihu Root, head of the American mission to Russia, is to receive the first valor medal of the National Arts Club. Primarily the medals are to be presented as rewards for unusual heroism in the military or naval service of the United States.

The Associated Press News Service is received and printed exclusively by the Post-Dispatch in the St. Louis evening field.

AUTO BUSES TO RUN FROM CARS TO FASHION PAGEANT

Small Style Festival to Open Tonight in Municipal Open Air Theater

Forest Park auto buses will run from De Baliviere and Berlin avenues, reached by the Union, Hamilton and University-Olive car lines, to the Fall Festival and Fashion Pageant, which opens tonight in the Municipal Open Air Theater. The show will be repeated Tuesday, Wednesday and Saturday nights of this week, and Monday, Tuesday and Wednesday nights of next week. This leaves several nights open for any extra performances which may be necessitated by rain on one of the scheduled nights.

A large attendance of buyers from St. Louis trade territory, for whose benefit the show is given before fall has really begun, is expected, and much interest has been shown by St. Louisans. The show will combine art and commercialism, and displays of new gowns will be interspersed with dances in classic costumes.

HOME GUARD MAKES TEST RUN

A test as to the dependability of motor trucks for transporting members of the Home Guard in case of an emergency was made yesterday when 28 trucks made a 10-mile run from King's highway and Lindell boulevard to Webster Groves in 65 minutes. The trucks returned to the starting point, carrying 250 Webster Groves members of the guard. The truck "fleet" was conveyed by motor cyclists.

KILLED ON WAY FROM CHURCH

Four in Auto Lose Lives Near Home Near Bloomington.

BLOOMINGTON, Ill., Aug. 13.—Four persons were killed and another was probably fatally injured yesterday when an interurban car hit the automobile in which they were riding about five miles south of this city. The dead: Mrs. John L. Krueger and her sons Elmer, 8 years old, and Harry, 15, and her nephew Ralph, 13, son of Mr. and Mrs. Fred Krueger of this city. John L. Krueger, who was driving, was probably fatally injured.

The party had attended church and were within 100 yards of home when the car hit them.

LAWN FETE WILL BE HELD TONIGHT TO AID MILK FUND

Vaudeville to Feature Affair; Other Entertainments Are Scheduled.

CONTRIBUTIONS. Previously acknowledged, \$2,591 75

The many talented children who will appear in the lawn fete and vaudeville entertainment to be given tonight on the lawn of 5203 North Market street, under the direction of Misses Loretta O'Brien and Rita Marshall, completed their intensive training Saturday night. Yesterday the children rested from their long period of strenuous work and today all that is on their program is a light rehearsal and the pushing of the sale of tickets. Indications are that this lawn fete and carnival will be one of the most successful entertainments of its kind of the year.

Another group of children whose ardent work for their entertainment will culminate in the affair they are to give at the Weintraub Hall, 1414 North Grand avenue, Tuesday night, will continue today the diligent work which has kept them busy for the last several weeks. Each of the children is talented to a high degree and all the neighbors who have seen a display of their talent predict the entertainment will be highly successful.

The children who will participate in this affair are Pauline Michelson, 1322 North Sarah street; Lillian Tolb, 4024 Evans avenue; Rubin and Fred Michelson, 1322 North Sarah street, and Eva and Sol Weintraub, 1414 North Grand avenue; Morris Gold, 2745 Gamble street; Genevieve Laskey, 2737 Gamble street; Mildred Richmond, 2731 Gamble street, and Regina Roessman, 1309 Franklin avenue.

"Good Wish," "A Helping Hand" and "Fairies in the Night," three highly entertaining vaudeville sketches, were the principal features of a program of capable children in the neighborhood of 4000 Page boulevard presented for the fund last week. The affair yielded \$4.67. Supplementing the sketches, the children presented a number of song and dance acts and several piano selections. Tickets to this entertainment were sold for 5 and 10 cents and a large audience assembled. The children in the entertainment were Charles and Marie Ellison, 4106 Page boulevard; Fannie Klein, 4108 Page; Sarah Treiman, 4124 Page; Ruth Brookman, 4028 Page; Della Polinski, 4100 Page; Lillian Buck, 4024 Page, and Thelma Rebon, 4056 Page.

Minneapolis Woman Who Killed Husband Improves After Son Visits Her in Jail.

MINEOLA, N. Y., Aug. 13.—Mrs. Blanca de Saulles, in the county jail here charged with the murder of her divorced husband, John Longer de Saulles, when he declined to permit their 5-year-old son to return to her, will not be placed on trial for at least two months, according to District Attorney Charles R. Weeks. Weeks said today that the case would have to await its turn. There are two other murder cases on the docket to be tried ahead of Mrs. de Saulles, which, it was said, would mean that her case would not come up before the October term of court.

At the jail today Mrs. de Saulles' condition was said to have improved somewhat. Dr. Guy F. Cleghorn, the jail physician, visited her today and said her condition was "encouraging." This was attributed to the visit her son was permitted to have made her last week and the fact that she expected a second visit this afternoon.

The place to swim, eat, dance. Vaudeville and band concert daily at the "Big Place on the Hill"—ADV.

France Honors New York Banker. PARIS, Aug. 13.—Mrs. Edward Tuck, wife of Edward Tuck, a former New York banker and benefactor of Dartmouth College, was decorated with the cross of a Chevalier of the Legion of Honor today. The decoration was conferred in appreciation of Tuck's munificence in founding a hospital at Reuil and many other benefactions. Mr. and Mrs. Tuck have resided in Paris for several years.

HOWE SCALE CO., 409 N. Fourth St.

A Fourth Floor and Its Importance to You

HERE on the Fourth Floor of the Carleton Building I maintain a commodious suite of offices for the examination of eyes, the grinding of lenses and the fitting of frames—up and away from the noise and soil of the street, with every appointment conducive to your comfort.

I make a thorough test of your eyes, and if you require glasses I will grind them for you in my own workshop on the premises, where absolute accuracy is the hard and fast rule, at lower prices than you would pay elsewhere.

You will find here the skill of professional training and the knowledge of many years of practical experience. You can have all the accruing advantages without the obligation of a fee.

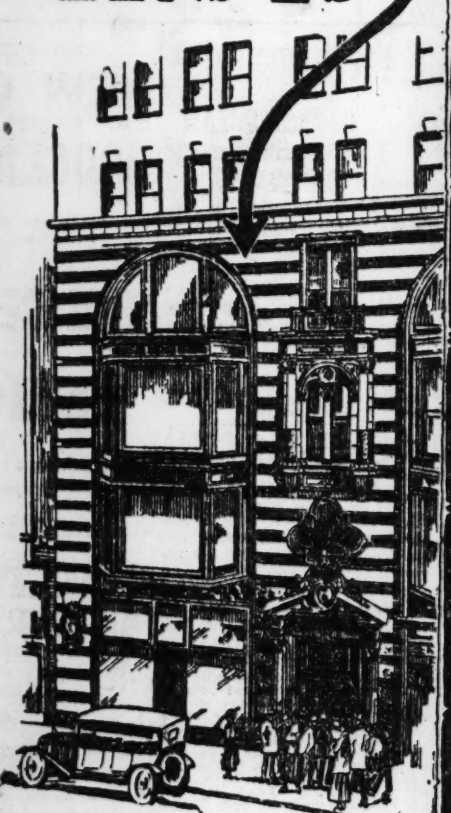

Relief from headaches, from nervousness, from ill of various kinds, are all possible if you will but avail yourself of my facilities.

My Fourth Floor, therefore, means that you will secure superior optical service and save money on your glasses.

A WARNING

Do not buy colored or tinted glasses for protecting the eyes from the effects of the sun without professional advice. It costs less to purchase such glasses here than is ordinarily charged and none are sold until I have made an examination and determined upon the exact shade individually necessary.

The Business of Banking

Banks are buyers and sellers of money. We get our supply from our depositors—facilitating its convenient usefulness to them and assuring its safety by our own integrity and through proper government supervision.

We sell that money—in the form of loans—to capable and honest depositors who use it for the development of their business.

By the establishment of Banks, the surplus funds of a city are used co-operatively for the benefit of the whole community and its individual citizens.

Were we to let the money in our vaults lie idle—we would not be able to pay our stockholders a profit—our customers could not finance the growth of their enterprises—and what is most important, the City's commerce would soon be at a standstill.

It is, therefore, quite apparent that our duty as a Bank to our stockholders—and our duty in assisting to build a greater St. Louis—requires that we seek borrowers for the money under our control.

This Bank—far from being an impregnable fortress where money may be only obtained

with difficulty—is an institution whose resources are available for the use of all able and sincere business men—whether their operations are large or small.

Retailers—jobbers—and manufacturers are invited to buy our money for the purpose of making more money for themselves.

It is our duty to finance a greater St. Louis by loaning the money in our possession to St. Louis citizens that they may increase their manufacturing facilities—employ more labor—better their service—and advertise the merits of the goods they make or sell.

We hope that no man—whether his dealings be on a large or small scale—will hesitate to come to us for loans—for this Bank is as glad to loan money as any customer needing its purchasing power is anxious to borrow it.

WEDDING IN ST. PAUL

IS OF INTEREST HERE

Miss Katherine J. Urquhart and D. B. Simmons, Both Having Relatives Here, to Wed.

A WEDDING of interest which will take place Wednesday evening in St. Paul, Minn., will be that of Miss Katherine Jean Urquhart to Donald Benis Simmons of Minneapolis.

The bride is the daughter of Mr. and Mrs. George Urquhart of St. Paul and the niece of Mrs. Albert Blair of St. Louis. Mrs. Charles O. Davidson of Boise, Idaho, and Mrs. Harry Stuart Derby of San Francisco.

The marriage will be solemnized at St. Clement's Memorial Church and will be followed by a reception at the Urquhart residence.

The bridegroom is the son of Mr. and Mrs. Chester Simmons of Minneapolis and the nephew of Judson Benis, Mrs. T. J. McLeone, Mrs. Elliot K. Ludington and Mrs. Charles Ladd, all of St. Louis. He is a Lieutenant in the Officers' Reserve Corps at Des Moines, Ia., where he and his bride will go immediately after the wedding.

Social Items

The Fall Festival and Fashion Pageant will open this evening in the Municipal Theater, with 25 persons in the cast for the festival and 49 fashion models in the pageant.

There will be the Queen of St. Louis, Queen of Fashion, Columbia, Spirit of Liberty, Marseilles, Apollo, Dionysus, Silenus, supported by a company of 124 soldiers, Bacchantes, Satyrs, dancers, soloists and a chorus.

The dance program will include: The Flower of Autumn, Nature's Offering to Liberty, The Spirit of the Marseilles, The Revels of Dionysus, Visions of an Autumn Night and the Dance of the Statues.

Cards have been received here from Mrs. Benjamin O'Fallon announcing the marriage of her daughter, Mrs. Sallie O'Fallon Mullikin, to James Henry Nolan, which took place at Redgate, Millwood, Va., on July 14.

Mrs. O'Fallon and her family formerly resided in St. Louis.

Mr. and Mrs. Mahlon B. Wallace of Price road, and their children, Misses Jane and Grace and Mahlon B. Wallace Jr., have gone to New York and from there they will make a motor tour through the East.

Miss Edna Lortz, daughter of Mr. and Mrs. L. Edward Lortz of 37 Lewis place, has gone East to join Mr. and Mrs. S. S. Pingree and their daughter, Miss Grace Pingree, at New London, Conn.

Her two brothers, Russell Lortz, to whom Miss Pingree is engaged, and Ambrose Lortz are members of the Coast Patrol and put in at New London occasionally.

Miss Maybelle Henchen of 1389 Laurel street, who has been visiting relatives in Detroit and Birch Beach, Mich., will return Saturday.

Mrs. Henry Muetze of 3201 Shenandoah avenue and her youngest daughter, Miss Juanita Muetze, departed Sunday evening for Detroit. After spending a few days there they will depart for Mackinac Island.

Mrs. L. Block of 4248 Flad avenue has announced the engagement of her daughter, Miss Dena Block, to Jack Aron, son of Mr. and Mrs. Phil Aron of Brooklyn.

Mrs. Block and her daughter will be at home on the evening of Aug. 26.

100 REFUGEE JEWS AT BERNE

BERNE, Switzerland, Aug. 13.—About 100 Palestine Jews, principally the wives and children of men who emigrated and were naturalized years ago in the United States, have arrived here from Jerusalem on their way to New York. They are traveling at the expense of the United States Government.

Nearly 600 other Jews were left behind in Palestine, but will follow as soon as the United States Government can make arrangements for the journey. Some of the refugees told the Associated Press that they had left Jerusalem three months ago, but had had to wait at many points. Concerning the conditions in Palestine, the travelers said there was much misery. All foodstuffs were extraordinarily high priced, and many were dying from hunger.

Olive Street Store Robbed. The storeroom of the Universal Supply Co., 606 Olive street, was looted yesterday by burglars for the second time in a month. Iron bars were sawed away from a skylight in the rear of the building and stock valued at \$600, including pistols, watch and pocketknives, was carted away.

Forty-seven Autoists Arrested. Forty-seven autoists were arrested yesterday afternoon and last night. Twenty were charged with violating the speed ordinance, 14 with disregarding traffic regulations, 12 with failure to have the required lights and one with running with the cut-out open.

Three Homes Are Robbed. Jewelry valued at \$100 was taken by burglars last night from the residence of James Corcoran, 4501 Atholone avenue. Earl L. Miller, 5662 Cote Brilliante avenue, reported the theft of \$6.80. The home of Mrs. Anna Bohle, 4407 Holly avenue, also was ransacked.

WHITE AND NEGRO BOYS FIGHT

Thirty boys, white and black, engaged in a fight yesterday afternoon at Twentieth and Biddle streets, in which clubs and knives were used.

Joseph Grossman, white, 16 years old, of 1117 North Nineteenth street, was taken to the city hospital with a stab wound in the back. Romie Simon, a negro, 11 years old, of 1911 1/2 Division street, was cut in the left arm. He was left in the care of his parents, who are to produce him in police court. The other boys escaped.

MARMON "34"

Goes 21.9 Miles on
a Single Gallon of
Red Crown Gasoline

The test was made last week in Chicago, witnessed by two newspaper men and a member of the technical committee of Motor Age.

The car was a demonstrator in daily use.

MAXWELL "4's"

Average 28.3
Miles Per Gallon on
Red Crown Gasoline

The average was taken from 42 demonstrations on 42 Maxwells in 42 different towns under 42 varying conditions.

These two instances, in addition to the recent Franklin test of 42.6 miles on a single gallon, establish definitely the economy to be effected by using Red Crown regardless of make of car.

19.4c Per Gal.

The fact that the Washington U. is the owner of a liberal franchise in the opposite block and this place just inside of the corner of Beaumont is worth considering.
2535 WASHINGTON.
Lot 25.12x14.8, improved with a two-story "bachelor" owner is not resident and extremely anxious to close out; offers solicited.

Ask the Men Who Know

Backed by Years of Experience

The opportunity for profitable investment in real estate today has never been equalled in the history of St. Louis. Increased cost of building material has made it practical, in many instances, to remodel old buildings. Residences in the older districts of the city are being bought at prices that make them profitable as rental properties.

You are cordially invited to confer with the officers and salesmen of the Mercantile Trust Company in reference to your investments in real estate.

Mercantile Trust Company

8th and Locust Sts.

Investors and Apartment Men, Here's the Big Opportunity.
5355 CABANNE.
Big house, will rent until you are ready to improve. Lot 100x214. Location can't be beat for a big apartment or institution.
Price\$5500

A Reasonable Cash Payment
Balance 3 years, 5%, and the price, compared with other property, is certainly a bargain.
4005 DELMAR BL.
Lot 50x135; old residence; could be profitably altered into a business property and would rent readily. We do not care to quote price. See salesmen for particulars.

The Place to Buy—

The place to buy is the most important thing of all. You can build an economical house on valuable ground, but you can't build a valuable house on cheap ground.

Whatever your house may cost, if its site is ill chosen you can never get that cost out of it. The lot represents about 20% of the producing cost of the average home. But the location of that lot decides about 80% of the selling value.

Location, surroundings, accessibility, improvements, restrictions, schools, price—these features are all indispensable to an ideal home—you get them all when you buy in

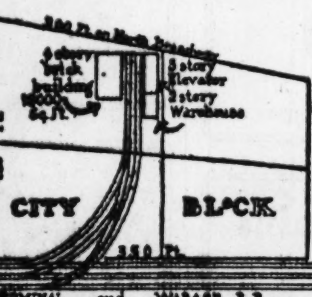

Ames Place

Motor through Parkview or take University car to Trinity Avenue and see for yourself. Our salesmen are in the Subdivision Office at Trinity and Berlin every afternoon.

TUESDAY IS TABLEWARE DAY

In Famous and Barr Co.'s \$3,000,000 August Sales Campaign

An extraordinary sale of Silver Plated Tableware. Extraordinary, indeed, in the face of the present high cost of metals and the many sharp advances in the price of this character of merchandise. An offering which we hardly think can be repeated in years.

Wm. Rogers' Beauty pattern, XII, triple-plated. Rogers' guarantee goes with each piece.

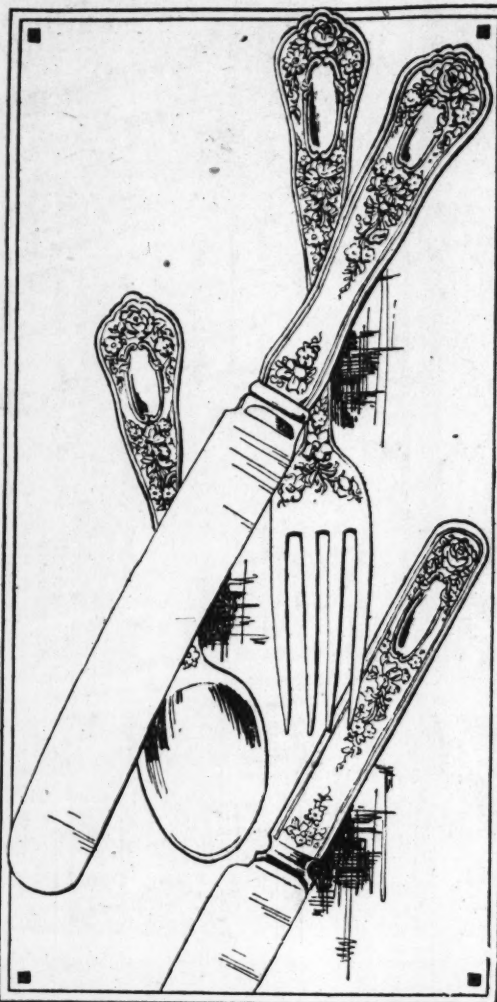

Ware that will give years of service, and offered absolutely below present wholesale cost.

This was an immense purchase made months ago, otherwise this sale would be impossible now—an event that should attract all users of tableware from the housewife to the restaurant and hotel keeper. Below we quote the regular selling price as well as Tuesday's sale price so that you can readily judge the savings.

Novok and never be done telling
what a paragon of a son he was.

Yet she expects her daughter to
come home from work and do all
of these things, and if the girl re-
bels, mother considers her a most
undutiful, cold-hearted and selfish
girl.

To the everlasting honor and
credit of the working girl it must
be said that she is generousity itself
and helplessness personified when
it comes to her own home. The
majority of business girls turn over
their pay envelopes to their moth-
ers and get out of their hard labor
only what their mothers choose to
give them.

Go into any family where the
girl works and you will see how
unselfishly they spend their money.
The families move to a decent
neighborhood. The food is better.
There are nice pieces of furniture.
The younger children are being
kept longer at school so that they
may have a better chance than the
older girls had. The girls have
spent their earnings on their fami-
lies instead of in saloons as the
boys have.

Mother isn't satisfied, however;
neither is father, because they have
still somehow got it in the backs
of their heads that a girl ought to
do housework no matter what else
she does.

When a man gets home at night
after his day's labor he finds a
comfortable meal ready for him to
eat, and after he has eaten it he
sits down in quiet and comfort and
reads the paper and rests until he
is ready to go to bed or go out for
an hour or two's diversion.

Nobody expects him to rush and
help cook the dinner and then wash
the dishes, and then trim a new hat
for little Sally or run a sewing ma-
chine till bedtime making father a
shirt. But that's exactly what
three-fourths of the mothers of
working girls demand of their
daughters. No wonder the girls

have nervous collapses; no wonder
they come to work tired and list-
less; no wonder they are not as
bright and energetic and don't go
as far as boys.

There are very very few mothers
who are intentionally selfish to-
wards their daughters. It is just
that they feel that their daughters
belong to them so completely that
everything that the girl has and can
do belongs to them, too.

If the mother of the working
girl wants to solve the problem of
how to treat her daughter, she has
got a ready formula at hand. Let
her treat her daughter with the
same consideration that she does
her son, and expect no more of her.

Cottage Cheese Saves
Meat Bill

COTTAGE cheese is an inexpensive
meat substitute. It contains a
larger per cent of protein than
most meats do. In every pound of cot-
tage cheese there is approximately one-
fifth of a pound of protein, nearly all of
which can be digested. Meats, on the
other hand, ordinarily contain less pro-
tein and have a considerable amount of
waste, such as bone, gristle, etc.

A pound of cottage cheese supplies
protein requirements for the ordinary
adult who is not engaged in hard labor
for one day.

The following shows the value of cot-
tage cheese, as compared to various
meats. For supplying protein, one pound
of cottage cheese equals:

1.27 pounds sirloin steak.
1.00 pounds round steak.
1.87 pounds chuck rib beef.
1.62 pounds fowl.
1.46 pound fresh ham.
1.44 pounds smoked ham.
1.85 pounds loin pork chop.
1.81 pounds hind leg of lamb.
1.37 pounds breast of veal.

In addition to protein, energy for per-
forming body work must be furnished by
food. As a source of energy also cot-
tage cheese is cheaper than most meats
at present prices.

Rice Delight

B OIL rice as usual for plain boiled
rice and shake dry. For the
amount obtained by cooking 1½
cups of washed rice, allow 1 can of to-
mato soup (the tomato puree is best)
and 1 cup grated cheese. Cook in a
double boiler until the puree is hot, or
pour into a buttered baking dish and
cover with small pieces of butter and
bake until the crust is well browned and
the juice is bubbling.

One can't be both a night owl and
talkin' about my forefathers.

Fussy Editor.

EDITOR: That's a good job, but
it's too coarse.

EDITOR: Well, you're pretty fussy.

EDITOR: Digest printed it.

The Post-Dispatch
Daily Short Story

THE FORCED MARCH

By Hornell Hart.

INTERMITTENTLY, when the snow

ceased falling for a moment,

Wojak could see the regiments

of black against the white fields,

swelling interminably over the hill-

under the dull sky. Wojak was

surely, bearded fellow. These win-

days pleased him. He liked the

gle that came with marching in a

cold air. He liked the dull, rhyth-

mic "scuff" of the hundreds of

feet as the regiment swung along,

led by its months of marching

to a living unity.

This was his own country they

were marching through. His home-

land lay not 20 miles away, near

very road. As he trudged along

thoughts of Sophy and little Ste-

phan slipped into his mind.

At the crest of the hill the regi-

ment came to a halt. Back from the

half hidden in trees that were

sharp and back against the snow

of the sky, stood the ruin of a

house.

Just so stands my house," thought

Wojak. "Behind, among the trees

would be the pigsty to the left, the

stable was so dark that Wojak

thought he saw a child lying there.

Went over to the corner. On the

corner was a yellow head, the round

eyes streaked with tears. The child

was sleeping, but its breath came in

the sobs. With clumsy gentleness

a soldier picked the baby up.

"Stephen had curls like that," he

remembered.

As he stepped out into the light

the child awoke. A chubby arm

reached about the burly neck, and the

eyes looked at him with the be-

ginning of a smile. But in a mo-

ment the fact that this was not fa-

ther, but a strange man, came over

him, and he began to sob, not

happily, but with a worn anguish

gripped Wojak's heart.

The company was falling in rear

half when he came to the road.

A curly head lay close to his

side, and a soldier picked the baby up.

"Leave the kid and fall in," he

demanded. "This march."

Wojak started to protest, but the

word of obedience was too strong.

Only he stood the baby in the

arm, and took his place in the

line. The child's sobs turned to a

broken wail.

"Forward, march!" commanded the

sergeant, and the company moved away

on the road. Wojak looked back

and saw the tiny arms stretched out

at him while snowflakes fell over

the yellow head in swirling snow

seemed to see them and to hear

the wail of the orphaned baby.

The sun was setting when the army

packed four miles from Wojak's

home. The orders were that no leave

absence should be granted, but the

sergeant on guard, and home

too near to be left unseen for four

months.

Stars were glittering from an all

clear sky when he slipped silently

ing the lines and started down the

lar sands toward Sophy and Ste-

phan. Four months was a terrible

th of time. The passage of armies

marked the country. The great

by the cottage of Ivanovitch had

BACHELOR GIRL REFLECTIONS

BY HELEN ROWLAND

POOR MAN! If he doesn't come home with a good excuse his wife thinks he's guilty, and if he does she thinks he's lying!

IT is difficult to say which does more to spoil a wife's vacation—the thought that her husband may be lonely while she is away or the thought he may not be.

AFTER she has waded through the tragic columns of the war news on the first page and the thrilling editorials on the middle page, it is rather sickening to an intelligent woman to turn to the fashion page and learn that metallic brocade, two-toned silks and cloth of gold are going to be "all the rage" again. Something to "rage" about these days, surely!

THE most lasting form of platonic love is not that which ends in a wedding, but that which begins there.

ANOTHER difference between the old-fashioned and the new-fashioned novel is that the former always ended with "and so at last she married him," while the three latest best-sellers end with "and so, at last, she found a job—and got rid of him."

ONE effective way to conserve food might be for all the pretty girls in the country to form a league and refuse to speak to any man weighing over 180 pounds.

THERE is no such thing as a genuine "manhater." After a woman has had one or two husbands she realizes that it is just as foolish to "hate" men as to hate a spoiled and troublesome child. The only thing to do is to put up with them or leave them alone.

THE hardest part of being separated from a wife for the summer is to keep up those daily "Oh-how-very-lonely-I-am-but-don't-hurry-home-so-fully-busy-at-the-office-so-hot-in-the-city-longing-for-you-darling" letters.

DOROTHY DIX SAYS

Let Mothers of Working Girls Treat Them the Same As They Do Their Sons.

THE same mail brings me two letters showing different angles of the same subject.

In one a girl asks: "Should a girl who has worked hard all day in a store and who turns over most of the money she makes to her mother, be expected to wash the dishes and help with the housework at night after she gets home?"

In the other letter a mother says: "What shall I do about my daughter who is employed as a stenographer in an office all day, and who thinks that because she gives me ten dollars a week to help run the house on that she should be treated like a lady boarder and not help with the housework at all? She thinks that all she ought to do of an evening is to amuse herself, going to the movies or to see some of her friends, or having her friends come to see her."

THE problem of the working girl and her mother is one of the complications in domestic life that is causing much friction in the family circle, because it is so new that we have not had time yet for either parents or children to adjust themselves to it. With parents the old idea still holds that prevailed when they were young—that it is a girl's duty to help mother with the housework and the sewing and the care of the younger children, and to make herself generally useful in fetching and carrying. This was a perfectly good code of conduct as long as the girl was a dependent supported by her parents. In helping mother with the housework she earned her board and keep.

Mothers are often singularly unjust in the way in which they treat their daughters who work outside of the home. No mother would expect her son to clear up the table after dinner, or do the chores she has left undone, or put in the evening nursing the baby. If by any chance a mother did have a boy who would do such things for her she would chant his praises to high heaven and never be done telling what a paragon of a son he was.

Yet she expects her daughter to come home from work and do all of these things, and if the girl rebels, mother considers her a most undutiful, cold-hearted and selfish girl.

To the everlasting honor and credit of the working girl it must be said that she is generosity itself and helplessness personified when it comes to her own home. The majority of business girls turn over their pay envelopes to their mothers and get out of their hard labor only what their mothers choose to give them.

Go into any family where the girl works and you will see how unselfishly they spend their money. The families move to a decent neighborhood. The food is better. There are nice pieces of furniture. The younger children are being kept longer at school so that they may have a better chance than the older girls had. The girls have spent their earnings on their families instead of in saloons as the boys have.

Mother isn't satisfied, however; neither is father, because they have still somehow got it in the backs of their heads that a girl ought to do housework no matter what else she does.

When a man gets home at night after his day's labor he finds a comfortable meal ready for him to eat, and after he has eaten it he sits down in quiet and comfort and reads the paper and rests until he is ready to go to bed or go out for an hour or two's diversion.

SIMPSON WILL DEFEND

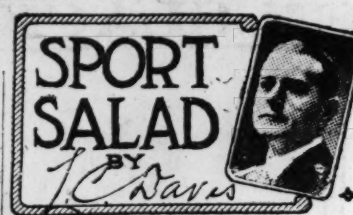

TITLE HERE IF GRANTED FURLOUGH FROM ARMY

KANSAS CITY, Mo., Aug. 13.—Robert Simpson, premier University of Missouri athlete and world's champion hurdler, who has been designated for the officers' reserve training camp at Fort Sheridan, Ill., will make his final appearance in amateur athletics before going to camp at the National A. A. U. meet at St. Louis, Aug. 28 and 29. Simpson will defend his title under the colors of the Kansas City Athletic Club.

ANOTHER TIGER ENLISTS

Anton Stanekowski, quarterback of the University of Missouri football eleven, is the latest Tiger to enter the Government service. Stanekowski failed to receive an appointment after taking a course at the Officers' Training Camp at Fort Riley, so joined the regular army.

Good workers are seeking better openings during the situation want conditions. One of these may fill your need.

The Paramount Issue.

WHEN the Kaiser has been locked and relegated to the background where he properly belongs, when peace and order have been re-instated and Belgium compensated for her wrongs; when Democracy shall rule in every nation; and the rulers are no longer wearing crowns, then we'll go to work with great determination and find out what's the matter with the Browns.

When obstructing Senators have shed their togas and from the U. S. Senate have been canned; when the German spies have packed their sarongas and beat it to the dear old Fatherland; when autocracy is blotted out forever and Mars upon the earth no longer wears a crown; with a singleness of purpose we'll endeavor to find out what's the matter with the Browns.

When we've hanged a flock of submarine commanders for capital offenses on the seas; when the murderers in Belgium and the flanders are hanging from the lamp-posts and the trees; when of peace there's been a final restoration in all the cities, villages and towns; then we'll make it our peculiar occupation to find out what's the matter with the Browns.

Craps.

THE Cards were out of luck yesterday. The Reds "sevened" on 'em twice in succession.

Many of our best grandstand managers are semi-ambidextrous. They caught their meat with the right hand and manage with the left or vice versa.

Wonder if Billy Evans sent a complimentary copy of his book, "How to Unpick" to his fellow arbiters? We doubt that Lord Byron would receive the gift in the spirit in which it was given.

Byron ought to write a book on "How to Pit Steam."

Speaking of Classics.

MILLER HUGGINS, when asked if he had read Shakespeare replied: "No, but I have Red Smyth."

The Reds play their last game of the local season at Cardinal Field, this afternoon. As far as we're concerned we don't care if they never come back.

That guy Toney yesterday pitched like he was after another \$1000 bonus.

All sections of the country look alike to the Browns. They are welcomed with outstretched arms wherever they go.

Ty Cobb, especially was glad to see the Browns. Ty added four bingles to his large and rapidly growing collection.

Trench Fighting. **T**HE Browns are going to fight to the last ditch. In fact they're there now.

If the Browns hadn't accumulated so many zeroes they would not be so many games behind in round numbers.

We look for the Browns to take a brace or something and make a better showing next year. There is no law against looking, you know.

We looked for the Cards to run a pretty good eighth and they are making a strong bid for the runner-upship of the league. We looked for the Browns to run one-two and the best they have been able to do so far is to run seven-eight. The looking hasn't been very good this year.

Every ball team should have a right and a left handed manager to direct the operations of the team, according as the hurler flies the pill from the port or starboard side of the box. Efficiency is the watchword.

Some managers are ambidextrous and can manage equally well either right or left handed. These are rare birds and should draw double pay.

Rat boys should exercise great care and never hand a right-handed bat to a left-handed batter.

BROWNE BATTERS CHASE COVELESKIE IN OPENING ROUND

Tailenders Put Over Three Markers Before Southpaw Is Replaced by James.

JONES NAMES MARTIN

Takes Chance on Young Right-hander in Second Game of Double Attraction.

DETROIT, Mich., Aug. 13.—After winning the first game, Manager Jones took a chance on "Speed" Martin, one of his young right-handers, in the second game of the series here this afternoon. He drew Harry Coveleskie, the southpaw, who has been of little value this year, as his opponent. Seaver and Spencer did the catching. The attendance had increased to about 4000 by the time the battle started.

Off in Front Again.

The Browns again got off to a running start by scoring three runs. Shotton walked. Austin went out, but Sisler singled. Pratt's triple scored Shotton and Sisler. Seaver's hit tallied Pratt and James replaced Coveleskie. Jacobson singled, but Seaver was out trying for third.

Tigers Put Over One.

A triple by Bush and Cobb's single gave the men of Jennings one in their half of the first.

Tigers Go Into Lead.

With one out in the third for the Tigers, Bush walked and stole. Vitt also walked, while Cobb singled. Billings the sacks. Shotton replaced Martin. Veach flied to Shotton. Bush scoring. Hellman's double drove in Vitt and Cobb.

Three More for Tigers.

The Tigers added three more in the fifth. Bush bunted safely. Vitt hit. Cobb doubled scoring Eust and Vitt. Veach beat out a hit. Cobb scoring from second. Veach, sole but the next three batters went out.

NATIONAL LAWN TENNIS

TOURNEY OPENS IN EAST

BOSTON, Mass., Aug. 13.—The national doubles lawn tennis tournament was opened on the courts of the Longwood Cricket Club today. Although many high ranking players will be absent because of enlistment in various branches of the Government service, a number of well-known experts will participate. The first match, scheduled for this afternoon, was between Harry C. Johnson and Irving C. Wright, both of Boston, and R. C. Seaver of Boston and F. J. Sulloway of Concord, N. H. Among the entrants are J. C. Strachan, San Francisco; S. H. Voshell, T. R. Peli, F. C. Inman, F. B. Alexander and Harold A. Throckmorton, all of New York; Malcolm D. Whitman, former national singles champion, and N. W. Niles, both of Boston.

There also will be a women's tournament in singles, mixed doubles and a junior event. The women players entered include Miss Mollie Bjursted, national champion, and Miss Mary Browne of California and Mrs. George W. Wightman of Boston, former national champions.

CUB MANAGER AFTER PITTSBURGH PLAYERS

CHICAGO, Aug. 13.—President Weeghman and Manager Mitchell of the Chicago Nationals held a long but fruitless conference with Barney Dreyfuss and Hugo Bedek of the Pittsburgh team, at a hotel here today with reference to a possible sale of players by Pittsburgh to Chicago.

What players were sought by the locals was not stated, but gossip named Max Carey and Al Mamaux. It was said Weeghman was prepared to pay high for Carey, but that money would not persuade Dreyfuss to part with him. Mamaux is under suspension at present for an infraction of club rules.

JUSTIES BATTERS WAY TO POSITION IN TENNIS TRUST

Beats Roland Hoerr in Straight Sets in Play on Triple A Courts.

NEW COMBINE FORMED

Paired With Drewes, Justies Helps to Beat Carondelet Champs After Hard Fight.

WETZEL AND BASSLER

PLAY FOR NET TITLE

ROLLA WETZEL and **Clyde Bassler** will meet at Forest Park this afternoon in the final round match for the Municipal A. A. boys' championship tennis tournament. The match was to have been played last Saturday, but owing to the crowded condition of the public courts, was set over until today. Both are newcomers in the field of juvenile title seekers.

To infer that Fred Justies as a member of the "trust busters" defeated Roland Hoerr, a representative of the "tennis trust," yesterday would be a rank injustice. Justies did defeat Hoerr, 6-3, 7-5, 7-5, in the third round of the championship tournament of that club, but during the present season Justies and his partner, the so-called "antis," have won over Hoerr and Jones, the erstwhile combine, with such regularity and abandon that the latter pair can only be regarded with other commonplace adventurers for laurels on local courts.

There are many who contend that it is the ravage of time which is supplanting Jones and Hoerr with Justies and Drewes. A canvass of the opinions of many recognized players on the Triple A court yesterday morning was that Hoerr played as good tennis as he purveyed in his more successful days. Unbiased critics claim that Justies and Drewes are better than the erstwhile trust was in its palmy days.

Hoerr Appears Strong.

It was the same story, yesterday, as has been the case of other meetings between Hoerr and Justies. The former Washington University star started out with his barrage of cross-out shots net attack. With this style he won three games before the Municipal court grounds were even started. Then the steadier, more effective game of Justies came apparent, and with a steady offensive the following six games and the set were won by him. The following set was won by Justies, 6-3, the advantage alternating. It was duceed and finally won by Justies.

Yeatman High Leader

The Yeatman High leader continued his victorious campaign in the afternoon, when, paired with Theodore Brown, Flag and Hollins head were taken in tow, 6-3, 6-3. The match was the first of the inter-park elimination matches for the championship of the Municipal Athletic Association.

Choose Forest Park Team.

The team which will represent the Forest Park division in the afternoon will be selected from the inter-park elimination matches. The team which will represent the Forest Park division in the afternoon will be selected from the inter-park elimination matches.

Two of Rickey's New

PITCHERS "UP" BEFORE;

THIRD INEXPERIENCED

LITTLE ROCK, Ark., Aug. 13.—A message received last night from R. G. Allen, president of the Little Rock club of the Southern Association, who made such a flash as a juvenile phenomenon last season, entered the final round of the junior play by eliminating W. G. Seidells, 6-3, 8-6, 3-0. Haase is favored to win the tournament and play Val Seidell for the right to represent this city in the national junior play at Forest Hills, N. J.

Miss Gladys Goldman surprised Municipal court followers by winning from Miss Melba Borsche, 6-3, 6-2.

HAYES WINS VALLEY TITLE

Walter Hayes of Chicago won the Missouri Valley tennis tournament championship yesterday at Kansas City by defeating Sam Hardy of Chicago. Hayes and Hardy played the double championship of the valley tournament when they met Walter Hayes and Dix Technor, both of Kansas City.

Koob Pitches Great Ball until He

Falters in Seventh and Is

Replaced by Groom.

DETROIT, Mich., Aug. 13.—The Browns won the first game of today's double-header from the Tigers, 10-5, hammering Roland Hoerr, 6-3, 7-5, 7-5, in the third round of the championship tournament of that club, but during the present season Justies and his partner, the so-called "antis," have won over Hoerr and Jones, the erstwhile combine, with such regularity and abandon that the latter pair can only be regarded with other commonplace adventurers for laurels on local courts.

Browns Get Early Lead.

The Browns got off to an early lead, scoring three runs. Shotton and Austin walked. Sisler's single tallied Shotton. Sisler stole. Pratt walked, filling the sacks. Smith went out, Austin scoring. Seaver flied to Vench, Sisler counting. Jacobson went out, ending the inning.

Two More for Browns.

The Browns added two more in the second inning, with Carroll Jones hitting. One out, Koob and Shotton singled. Austin forced Shotton, but Sisler tripled

MARKETS AND FINANCE--SALVAGE AND LATEST QUOTATIONS

STOCK MARKET QUIET, WITH PRICES STRONG IN THE LATE TRADING

Government's Announced Plan for Control of the Wheat Crop Is a Factor in Wall Street Trading.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Aug. 13.—The Evening Post, in its copyrighted financial review today, says:

"Announcement of Sunday of the administration's far-reaching plan, to suspend all dealings in wheat futures at the end of this month, to license and supervise operations of grain elevators and flour mills and, if necessary for proper distribution, to buy up the whole wheat surplus with Government funds, and to control the export of wheat, has been a factor in Wall Street trading. At Chicago, wheat prices declined. At Chicago, cause of doubt as to what the Government's minimum would be, but the stock market advanced. In so far as any distinct view was taken of Mr. Hoover's project, it probably was that this scheme of all-round control was an unavoidable corollary to the steps already taken.

The Market Problem.

"The two problems left unsolved, after the preliminary measures in restriction of ordinary speculative machinery, were, first, what should replace that machinery in carrying the crop and equalizing the price over the period of distribution; and second, what would prevent the producer from himself hoarding wheat and refusing to sell unless at an exorbitant price.

"That the second of these considerations presented real difficulties, recent dispatches from the West regarding the farmers' attitude have made evident. The Government now proposes to see to it that the miller grinds the wheat and does not hold it back, and to become itself the regulator of distribution through managing the purchase from producers.

"In the last analysis the farmer, even if obstinate, would find himself confronted with an official price, and only one buyer, and there would be no inducement to hoard. The tracks of State socialism, we may have trouble in shaking it off when the war is over. But it follows the unquestionable logic of the situation.

"The foreign exchanges were little stirred. The Swiss franc, however, was a trifle higher, and the Swiss government's export to Japan \$2,600,000 more was taken.

The Bank Statement.

"The important comparison in the combined statement of the 12 Federal reserve banks, giving the figures as of last week's close, is not the change of gold reserves. Subscriptions by the banks to the Government's \$200,000,000 temporary loan caused, as it usually does, a general shifting of balances, as between the different reserve banks; but the total gold reserve of the system remains some \$3,500,000,000 larger on completion of the process. Government deposits in these institutions, which in the week preceding fell \$143,000,000 to \$36,700,000, now rose to \$140,000,000 again.

"In spite of the demand on capital for subscription to the short-term loan, notwithstanding the \$36,700,000 decrease in surplus bank reserves last week at New York, discounts of member banks' commercial, by all 12 reserve banks, increased only \$3,000,000 during the week. At the New York Reserve Bank they increased only \$1,500,000 to an outstanding total of barely \$13,000,000. Equally interesting is the fact that, while outstanding notes circulation of the 12 reserve banks increased \$8,400,000 last week, the amount secured by commercial banks actually decreased \$7,900,000. The present ratio to outstanding total note issues of the gold actually pledged to secure them, is now less than 90 per cent, as compared with 84 1/2 per cent a week ago. It is the highest of any week since the Government's \$2,000,000,000 loan was floated. The system's cash reserve against net deposit liabilities is 73.1 per cent, the statutory minimum being 35.

London Market.

LONDON, Aug. 13.—The stock market was firm today on light trading. The wheat war was recorded on increased offerings. Other issues were supported. The market was quiet, but higher quotations and neutral stocks were inclined to better demand on account of the more hopeful outlook. Lower priced shares, however, were steady. Money was in liberal supply. Discounts were close.

TRADING FAIRLY BRAVE IN THE LOCAL MARKET

Certain-teed Products Is Steady at 61 1/2; Bank Shares Are Quiet and Steady.

ST. LOUIS CLEARING HOUSE STATEMENT.

Today's Clearing Balance, \$24,438,674.43; Yesterday's, \$24,438,674.43.

Prev. week, \$24,438,674.43; Last month, \$24,438,674.43.

Last year, \$24,438,674.43; Total year, \$24,438,674.43.

Trade was fairly active on the local stock exchange today. Prices, however, were irregular on the issues quoted and sold.

Certain-teed Products stock gained a small fraction, at \$51.62 1/2, but National Candy common was slightly earlier, at \$35.75 and \$35.62 1/2. Other miscellaneous shares quoted were about steady as compared with Saturday's call.

Bank and trust shares reflected a limited demand and prices remained about steady. United Railways securities also were quiet and steady. Bonds reflected a limited demand for the standard issues.
